Comptroller

Chief of Logistics

Financing of Stock Control of Common Usage Items

1. In line with the agreement reached with the Office of Communications to transfer to the Logistics Office the responsibility for the control and maintenance of stocks of small hand tool and miscellaneous hardware of a common usage nature, it is requested that \$40,000 (previously calculated to be \$60,000) be furnished under allotment account 6806-20 of the Supply Division, Logistics Office, to effect this transfer. Subsequent budget estimates of the Logistics Office will include fiscal requirements for this logistical mission.

2. It is understood that the amount requested herein is to be made available during FY54 from budgetary funds available to the Office of Communications.
